Text: Elementary Number Theory by James K. Strayer
ISBN 1-57766-224-5

Grading: We will have three exams, each worth 30 points, other points including assorted written assignments, quizzes, participation worth a total of 20 points and a comprehensive final exam worth 60 points. The exams are scheduled for the following dates:

Test 1	Tuesday, October 16
Test 2	Friday, November 2
Test 3	Tuesday, November 27
Final Exam Comprehensive	Tuesday, December 11, 8:00–10:00

Your grade will be determined by the following curve:

A	143–170 points	P	109–170 points
B	126–142	NP	0–108
C	109–125		
D	103–108		
F	0–102		

Attendance: You are expected to be in class and to participate in the class discussions. After you have missed four classes, 5 points will be deducted from your total for each unexcused absence from class. You are also responsible for announcements made in class concerning the course and material presented in class.

Cheating: Any evidence in this course of cheating will result in a failing grade and action will be taken under the terms of the current WWU General Catalog.
