Text: Linear Algebra and its Applications, Third Edition by David C. Lay

Calculators: It will be required that you have a calculator which can do matrix calculations. I will be using a TI-89.

Grading: We will have three exams, each worth 30 points, quizzes worth 30 points and a comprehensive final exam worth 60 points. The exams are scheduled for the following dates:

Test 1	Tuesday, January 30
Test 2	Friday, February 16
Test 3	Tuesday, March 6
Final Exam Comprehensive	Thursday, March 22, 7:30–10:00

Your grade will be determined by the following curve:

A	153–180 points	P	108–180 points
B	135–152	NP	0–107
C	108–134		
D	100–107		
F	0–99		

Attendance: You are responsible for announcements made in class or posted on the course web site concerning the course.

Cheating: Any evidence in this course of cheating will result in a failing grade and action will be taken under the terms of the current WWU General Catalog.
